OTR Solids Warranty Policies

Polar Rubber Products Inc. warrants all our solids to be free from defects in materials and workmanship to the designated pull point for a solid tire.

Prorated credit will be given based on the actual invoice price¹. Credit will be calculated based on the inches of rubber remaining from the original overall diameter to the pull point at the time of the failure.

The customer pays any and all service costs for service calls and mounting and dismounting the solid tire and any other service charges or applicable taxes.

¹*Actual invoice price* refers to the price paid for products purchased from Polar Rubber Products Inc.

This warranty does not cover damage from wheel misalignment, repair by another dealer, incorrect/improper mounting, vehicle damage, damage caused by abuse and neglect, collision, fire, impacts, vandalism, and chemical corrosion.
